THE INSTRUMENT APPOINTING A PROXY SHOULD, HOWEVER, BE DEPOSITED AT THE REGISTERED OFFICE OF THE COMPANY NOT LESS THAN FORTY-EIGHT HOURS BEFORE THE COMMENCEMENT OF THE MEETING.

- 2) An Explanatory Statement pursuant to Section 173 of the Companies Act, 1956, in respect of items 6B and 7 to 9 of the Notice as set out above, is annexed hereto.

- 3) The Register of Members and Share Transfer Books of the Company will remain closed from 24th July, 2008 to 2nd August, 2008 (both days inclusive) for the purpose of payment of dividend, if approved by the Members.
- 4) a) Pursuant to Section 205A of the Companies Act, 1956, all dividends upto the Financial Year 1994-95, which remained unclaimed have been transferred to the General Revenue Account of the Central Government. Shareholders, who have not encashed their dividend warrants for the said period, are requested to claim the amount from the Registrar of Companies – Madhya Pradesh, Sanjay Complex, 3rd Floor, Jayendra Ganj, Gwalior 474 009 (M.P.). In case any assistance is required, shareholders may please write to the Share Department of the Company at its Registered Office at Nagda.
- b) In terms of the provisions contained in Section 205C of the Companies Act, 1956, the Company has already deposited / transferred the unpaid / unclaimed dividends for the Financial Years 1995-96 to 1998-99 and the Final Dividend for the Financial Year 1999-2000 to the Investor Education and Protection Fund (IEPF). No claim shall lie against the IEPF or the Company in respect of the unpaid / unclaimed amount transferred to the IEPF.
- c) Pursuant to the provisions of Section 205A of the Companies Act, 1956, as amended, dividend for the Financial Year 2000-2001 and the dividends for the subsequent years, which remain unpaid or unclaimed for a period of 7 years will be transferred to IEPF. Shareholders who have so far not encashed the dividend warrant(s) for the Financial Year 2000-2001 are requested to make their claim to the Share Department at the Registered Office of the Company at Nagda before 31st July, 2008, failing which the unpaid / unclaimed amount will be transferred to the IEPF. It may also be noted that once the unpaid / unclaimed dividend is transferred to the IEPF as above, no claim shall lie against IEPF or the Company in respect of such amount by the member.
- 5) a) Shareholders are requested to notify any change of address:
 - (i) to their Depository Participants (DPs) in respect of the shares held in demat form, and
 - (ii) to the Company to its Share Department at the Registered Office at Nagda in respect of the shares held in physical form.
- b) In case the mailing address mentioned on this Annual Report is without the PINCODE, shareholders are requested to kindly inform their PINCODE immediately to their DP or the Company, as mentioned above.
- 6) Non-Resident Indian Shareholders are requested to inform the Share Department of the Company or to their concerned DP, as the case may be, immediately:-
 - a) the change in the residential status on return to India for permanent settlement,
 - b) the particulars of the NRE Account with a bank in India, if not furnished earlier.
- 7) Shareholders are requested to correspond in connection with the shares held by them by addressing letters directly to the Share Department of the Company situated at the Registered Office of the Company at Birlagram, Nagda – 456 331 (M.P.) and not to any other Office of the Company, quoting reference of their folio numbers or their Client ID number with DP ID number, as the case may be.
- 8) Shareholders who are holding shares in identical order of names in more than one folio are requested to send to the Share Department of the Company the details of such folios together with the original Share Certificates for consolidation of their holdings in one folio. The Share Certificates will be returned to the Shareholders after making requisite changes thereon.
- 9) Depository System
 The Company, consequent to the introduction of the Depository System (DS), entered into agreements with National Securities Depository Limited (NSDL) and Central Depository Services (India) Limited (CDSL). Shareholders, therefore, now have the option of holding and dealing in the shares of the Company in electronic form through NSDL or CDSL.

 Effective 5th April, 1999, trading in the shares of the Company is permitted only in dematerialised form.

 The DS envisages the elimination of several problems involved in the scrip-based system such as bad deliveries, fraudulent transfers, fake certificates, thefts in postal transit, delay in transfers, mutilation of share certificates, etc. Simultaneously, DS offers several advantages like exemption from stamp duty, elimination of concept of market lot, reduction in transaction costs, improved liquidity, etc.
- 10) As per the provisions of the amended Companies Act, 1956, facility for making nominations is now available to INDIVIDUALS holding shares in the Company. Shareholders holding shares in physical form may obtain the Nomination Form – 2B prescribed by the Government from the Share Department of the Company or download it from the Company's website www.grasim.com. Shareholders holding shares in demat form are required to approach their DPs for the nomination.
- 11) a) Shareholders are advised to avail of the facility for receipt of future dividends through Electronic Clearing Service (ECS). The ECS facility is available at the specified locations. Shareholders

holding shares in dematerialised mode are requested to contact their respective DPs for availing ECS facility. Shareholders holding shares in physical form are requested to download the ECS form from the website of the Company and the same duly filled up and signed along with a Xerox copy of a cancelled cheque may be sent to the Share Department of the Company at the Registered Office at Birlagram, Nagda 456 331 (M.P.).

- b) To avoid the incidence of fraudulent encashment of the dividend warrants, Shareholders are requested to intimate the Company under the signature of the Sole/First Joint holder, the following information, so that the Bank Account Number and Name and address of the Bank can be printed on the dividend warrants:-
- 1) Name of Sole/First Joint holder and Folio No.
 - 2) Particulars of Bank Account, viz.
 - i) Name of the Bank
 - ii) Name of Branch
 - iii) Complete address of the Bank with Pin code Number
 - iv) Account Type, whether Savings (SB) or Current Account (CA)
 - v) Bank Account Number allotted by the Bank
- 12) Shareholders who hold shares in the dematerialised form and desire a change / correction in the bank account details, should intimate the same to their concerned DP and not to the Share Department of the Company. Shareholders are also requested to give the MICR Code of their bank to their DPs. The Company will not entertain any direct request from such shareholders for change of address, transposition of names, deletion of name of deceased joint holder and change in the bank account details. The said details will be considered as will be furnished by the DPs to the Company.
- 13) Shareholders are requested to please read the "Shareholders' Information" section of the Annual Report for useful information.
- 14) Shareholders desirous of obtaining any information / clarification on the accounts and operations of the Company are requested to send in written queries to the Company, atleast one week before the date of the meeting. Replies will be provided in respect of such written queries received, only at the meeting.
- 15) Pursuant to the requirement of the Listing Agreement of the Stock Exchanges on Corporate Governance, relating to appointment of the Directors / reappointment of the retiring Directors, a statement containing details of the concerned Directors forms part of the Report on Corporate Governance.

ANNEXURE TO NOTICE

EXPLANATORY STATEMENT UNDER SECTION 173 OF THE COMPANIES ACT, 1956

ITEM NO. 6B

M/s. A.F. Ferguson & Co., Chartered Accountants, Mumbai, were re-appointed as the Branch Auditors of the Company to audit the Accounts in respect of the Company's Cement business consisting of all Cement manufacturing units, Grinding units, Ready Mix Concrete units, Cement Marketing Division, Zones, Terminals and White Cement Division from the conclusion of the previous Annual General Meeting held on 7th July, 2007 until the conclusion of the ensuing Annual General Meeting. M/s. A.F. Ferguson & Co., have vide their letter dated 24th April, 2008, expressed their inability to be re-appointed as such Branch Auditors of the Company. The Board, on the recommendation of the Audit Committee, has proposed that M/s. Deloitte Haskins & Sells, Chartered Accountants, Mumbai, be appointed as the Branch Auditors of the Company to audit the Accounts in respect of the Company's Cement business consisting of all Cement manufacturing units, Grinding units, Ready Mix Concrete units, Cement Marketing Division, Zones, Terminals and White Cement Division, to hold office from the conclusion of this Meeting till the conclusion of the next Annual General Meeting of the Company, as stated in the resolution on the terms set out therein.

The appointment of M/s. Deloitte Haskins & Sells as the Branch Auditors is not governed by the provisions of Section 225(1) of the Companies Act, 1956 but by the provisions of Section 224(2)(b) and Section 228 of the said Act, both of which make no requirement of any Special Notice being given. However, such Special Notice has been received by the Company from a Member, of his intention to move the resolution for their appointment as the Branch Auditors as in this item 6B of the accompanying Notice.

M/s. Deloitte Haskins & Sells, who are a reputed accounting firm, have given a certificate of their eligibility and willingness to act as the Company's Branch Auditors as above.

The Resolution as set out in this item of the Notice is accordingly commended for your acceptance.

ITEM NO. 7

Mr. Shailendra K. Jain was re-appointed as the Whole Time Director of the Company pursuant to Section 269 and other applicable provisions of the Companies Act, 1956 for a period of 3 (three) years with effect from 1st December, 2006 as per the resolution passed at the Annual General Meeting of the Company held on 25th August, 2006 on the terms set out in that resolution.

Considering the inflationary trend and the substantial increase in the business activities of the Company resulting in increase in the workload and responsibilities of the Whole Time Director as also the amount of remuneration

payable to managerial personnel occupying similar positions in other comparable companies, the Board of Directors of the Company has deemed fit to increase the respective limits of the monthly Basic Salary, Special Allowance and Performance Linked Variable Pay and/or any other compensation payable to Mr. Jain with effect from 1st July 2007 for the remaining period of his current tenure with corresponding consequential variations or increase in the remuneration and allowances due to the revision in the terms of his remuneration as aforesaid. The other terms and conditions of his appointment shall remain the same as approved by the members at the Annual General Meeting held on 25th August, 2006. The resolution as set out in this item of the Notice is accordingly commended for your acceptance. An Abstract of the above variation under Section 302 of the Companies Act, 1956 has already been circulated to the members on 6th September 2007. Although not necessary, a copy of the resolution passed at the Annual General Meeting of the Company held on 25th August, 2006 is available for inspection of the members to ascertain any information that they may require, at the Registered Office of the Company between 10 a.m. to 12 noon on all working days (except Sundays and public holidays) upto the date of the ensuing Annual General Meeting.

Except Mr. Shailendra K. Jain, none of the other Directors of the Company is, in any way concerned or interested in the Resolution.

ITEM NO. 8

Mr. D.D. Rathi was re-appointed as the Whole Time Director of the Company pursuant to Section 269 and other applicable provisions of the Companies Act, 1956 for a period of 2 (two) years with effect from 1st August, 2007 as per the resolution passed at the Annual General Meeting of the Company held on 7th July, 2007 on the terms set out in that resolution.

Considering the inflationary trend and the substantial increase in the business activities of the Company resulting in increase in the workload and responsibilities of the Whole Time Director as also the amount of remuneration payable to managerial personnel occupying similar positions in other comparable companies, the Board of Directors of the Company has deemed fit to increase the respective limits of the monthly Basic Salary, Special Allowance and Performance Linked Variable Pay and/or any other compensation payable to Mr. Rathi with effect from 1st July 2008 for the remaining period of his current tenure with corresponding consequential variations or increase in the remuneration and allowances due to the revision in

the terms of his remuneration as aforesaid. The other terms and conditions of his appointment shall remain the same as approved by the members at the Annual General Meeting held on 7th July, 2007. The resolution as set out in this item of the Notice is accordingly commended for your acceptance. The above may also be treated as an Abstract of the variation under Section 302 of the Companies Act, 1956. Although not necessary, a copy of the resolution passed at the Annual General Meeting of the Company held on 7th July, 2007 is available for inspection of the members to ascertain any information that they may require, at the Registered Office of the Company between 10 a.m. to 12 noon on all working days (except Sundays and public holidays) upto the date of the ensuing Annual General Meeting.

Except Mr. D.D. Rathi, none of the other Directors of the Company is, in any way concerned or interested in the Resolution.

ITEM NO. 9

Sections 77A, 77AA and 77B of the Companies Act, 1956 provide for purchase of own shares and other specified securities by a Company. Under Section 77A, the Company is required to have necessary authorization in the Articles of Association for buy back of shares. The existing Article 63(1) of the Articles of Association of the Company places a restriction on purchase by the Company of its own shares. It is accordingly proposed to substitute the existing Article 63(1) by substituting in its place the new article as set out in the resolution in this item of the Notice. The new Article will enable the Company to buy-back its own shares in accordance with the applicable statutory provisions and guidelines, as and when it deems fit.

The Directors, accordingly, recommend the resolution in this item of the Notice for the approval of the shareholders.

None of the Directors of the Company is in any way concerned or interested in the resolution except to the extent as the holder of shares in the Company.

THE CHAIRMAN'S LETTER TO SHAREHOLDERS

Dear Fellow Shareholders,

India continues on its growth trajectory. Since the year 2003-04, our GDP growth has exceeded 8% year on year. Today we can take justifiable pride in having joined the ranks of the US\$ trillion economies of the world. I do believe India will continue its momentum despite some strong headwinds. For instance inflation – where the Government is trying to pull out all stops to stem it. Additionally we have to contend with the hardening interest rates and the volatility in global financial markets, consequent to the sub prime crises.

That despite these adverse factors enveloping the business environment, India continues to grow is a validation of the inherent fundamental strengths of our economy. This bodes well for your Company.

Your Company's performance has been good. Net consolidated turnover crossed US\$ 4 billion (Rs.16,974 crores), up by 21%, while net profit

(before extra ordinary item) at Rs.2,655 crores reflects an impressive growth of 35%, which is indeed commendable.

A slew of initiatives have been taken by your Company to grow its leadership position in both the Cement and the Viscose Staple Fibre (VSF) businesses. As these are detailed in the Management Discussion and Analysis, I will provide you with a snapshot of steps taken.

In the **VSF business**, we as a Group today enjoy around 24% of the Global market share. We have evolved a unique strategic brand architecture for "Birla Cellulose", our VSF brand. We have brought in innovative value-added products and have bolstered our share in the non-woven segment. Our Brownfield expansions which began last year in India, Thailand, Indonesia and China are all on track. With this our Viscose Staple Fibre has increased from 569,000 TPA (March 07) to 703,000 TPA (March 08) and is expected to further increase to 752,000 TPA (March 09). We are also in the process of obtaining necessary approvals for further Brownfield and Greenfield expansions in India and Egypt. With these the capacity is expected to increase to 958,000 TPA in the near future.

At all these locations our thrust is on the production of Specialty Fibres for the upper-end of the market as well as the increasing non-woven segment.

In India, the 63,875 TPA capacity expansion at your Company's plant in Kharach (Gujarat) went on stream. Your Company's VSF capacity thus stands raised to 333,975 TPA. Additionally, we are in the process of obtaining requisite approvals for the Brownfield expansion at Harihar (31,000 TPA) and Green field project at Vilayat in Gujarat (88,000 TPA). The conversion of the AV Nackawic plant from Paper Grade Pulp to Rayon Grade Pulp is slated for completion in the current financial year.

Even as the long term outlook for the VSF business remains positive, largely due to the anticipated growth of the textile sector, in the short to medium term the business will be going through a difficult phase due to macro-economic factors beyond our control.

Your Company is the 11th largest global player in the Cement sector. Your Company's aggressive expansion plans will see their fruition in the current financial year. Its capacity at 35 million TPA will be scaled up to 49 million TPA in a year's timeframe, making it the largest expansion of its kind in the Cement sector in a single year. To cater to the power needs of its Cement Plants, your Company is setting up Thermal Power Plants aggregating 369 MW, out of which 336 MW will be commissioned during the year, taking the total power generation capacity to 503 MW. With this more than 80% of power needs of the Cement Plants will be met through captive sources. We are aggressively growing the Ready-mix concrete business. Today we have 53 RMC plants. These will be nearly doubled to 94 by the end of FY'09

The outlook for the Cement business continues to be encouraging.

A Capex of over Rs.4,200 crores has been earmarked for growth oriented projects in the VSF and Cement business and modernization over the ensuing two years.

Outlook

As I mentioned we have taken a number of strategic initiatives and pumped in a lot of investments to ensure that your Company remains well-positioned on the path of sustainable growth in revenues and earnings despite the challenges. The overall outlook remains positive.

I believe our people – our human capital is our key resource and we owe a large part of our success to them. We have thought leaders across the Company. A majority of our people tap into each others knowledge-base and collaborate effectively to achieve a shared vision.

The Aditya Birla Group : In Perspective

We are moving in sync with our vision to be a premium global conglomerate with a clear focus at each business level. Our Group is now a US\$ 28 billion meritocratic Corporation, with a market cap in excess of US\$ 31.5 billion, and a 100,000 strong human capital belonging to 25 nationalities, spanning 20 countries across 5 continents. Our values – Integrity, Commitment, Passion, Seamlessness and Speed bind us all together regardless of geographies and nationalities.

Our HR strategy ongoingly focuses on enhancing stakeholder value through superior organisation and people capability. Today, more than ever before, talent is at a premium, thanks to globalisation and the multi-polar world, both of which afford unique opportunities. At our Group attracting the

best talent and engaging them continues to be a key priority. We have made huge investments in not only attracting but developing and retaining our human capital over the long term.

To arrive at an employee proposition that would draw more talent to our Group, we conducted an indepth research aimed at finding out what is our DNA as an employer and what does our employer brand connote. Apart from trust and admiration for the Group as a professional values-driven organisation, what also emerged strikingly was the fact of our diversity – the number of countries and businesses in which we are engaged, that is an enduring characteristic of our Group.

We have therefore positioned ourselves as an employer that offers “a world of opportunities”, other factors being a given in our case. I am happy to share with you that our employer brand has attracted more than 50 top-notch professionals from India and across the globe. To provide cross-functional, cross-cultural and cross-country agility and learnings, as well as to strengthen our leadership pipeline, more than 100 colleagues from middle management to senior management have been job-rotated.

A Performance Management Centre at our Group's Headquarters has been set up with dedicated resources to sharpen our high performance culture. This team's sole responsibility is to assist in Institutionalising world-class performance framework and leadership processes.

As in the past our high-calibre Management talent have been put through our Development Assessment Centres and their professional development plans drawn up. Gyanodaya, our Institute of Management Learning continues to provide a good base for new learnings for our people, and honing competencies. Up until now more than 4,500 colleagues have participated in its programmes.

We had said last year that we would introduce ESOP schemes during the course of the year. In this year, we covered 700 employees under ESOP schemes, a significant move, for the first time in the history of our Group. We will cover many more from now on.

Going forward in the next five years, I see our workforce mix expanding to over 100 nationalities and our senior management team becoming even more global. I visualise a multi-generational workforce able to overcome generational barriers, and effectively, feeding on each one's core offerings of experience, raw energy, risk taking and organisational knowledge. Enhancing our attractiveness as an employer also calls for creating a workspace that accepts and encourages the existence of a sharp sense of individual identity, even within the strong organisational brand and cultural fabric. We want to create top-notch leaders on virtually an assembly-line scale. And lastly, we want to be in that enviable position where the best talent globally wants to join us, just as much as we seek them.

Best regards,

29th April, 2008

MANAGEMENT DISCUSSION & ANALYSIS

OVERVIEW

The Indian economy recorded yet another year of robust growth, in FY08. The last three years have proved to be one of the best phases for the economy, with growth averaging above 9%. During the latter half of the last fiscal, however, there has been a slowdown in the growth momentum, partly contributed by the deteriorating global economic environment and uncertainty in global financial markets. Nevertheless, India is likely to maintain a high level of growth rate, given the uptrend in the saving and investment rate in the last few years. Your Company has benefitted from the strength in the economy. Key businesses of your Company, Cement and Viscose Staple Fibre, have performed well during the year, even as they faced the challenge of managing rising input costs as global commodity prices, viz. pulp, oil, coal, etc. touched new highs.

KEY STRATEGIC DEVELOPMENTS

Sale of stake in Shree Digvijay Cement Company Limited (SDCC)

Your Company sold its entire equity stake of 53.63% in SDCC to CIMPOR Inversiones SA at a consideration of Rs.322 Crores. SDCC was acquired in 1998 to gain a presence in the Gujarat market. Subsequently, your Company acquired a 6 million TPA capacity in Gujarat through its acquisition of UltraTech Cement in 2004. The divestment of equity stake in SDCC has been done to rationalize its portfolio of cement plants.

Textile Business

Your Company's Textile units at Bhiwani have been transferred to a subsidiary, Grasim Bhiwani Textiles Ltd. w.e.f. 1st October, 2007. The move is aimed at enabling the new entity to have a more focused approach to the development of textile business and pursue emerging growth opportunities in the textile sector.

CONSOLIDATED FINANCIAL PERFORMANCE

Your Company achieved yet another year of record revenue and net profit. Consolidated Net Turnover at Rs.16,974 Crores increased by 21%. The increase in revenue was attributable to higher volumes and increased realisations. Consolidated Profit after Tax (including extraordinary activities) grew appreciably by 47% from Rs.1,967 Crores to Rs.2,891 Crores, despite a substantial increase in raw material and energy costs in all the businesses.

The performance of individual business segments and their outlook for the future are highlighted in subsequent paragraphs.

* Capacity increased by 63,875 TPA during March 2008

Performance Review

FY 08 has been a good year for VSF business with all-round improvement in production, sales and profitability. A strong global demand for cellulosic fibres led to higher volumes and significant increase in realisations. On the input side, the pulp prices continued to rise, albeit at a slower pace. Sulphur which is a major component of the cost witnessed increase in prices to unprecedented levels.

Though the year as a whole was good, the last quarter witnessed a reversal of trend. Several adverse macro economic factors like US recession, strengthening of Indian rupee, slowdown of yarn exports from India to Turkey, Brazil etc. led to a drop in the demand for VSF in the last quarter. Coupled with high inventory levels in the value chain, it led to a drop in VSF prices.

In this rapidly changing environment, the business averaged a production growth of 13% and realisation increase of 21%. The operating margins grew from 31% to 37% during the year.

Sector Outlook

The long-term outlook for the VSF business remains positive in line with the overall textiles outlook. In the short term, both demand and realisations are expected to remain subdued. Margins may remain under stress and are likely to see a further decline in the short to medium term due to the impact of increasing input costs, coupled with softening of VSF prices.

Business Outlook

In line with the weak outlook for sector in short term, the VSF business performance is likely to remain restrained. Profitability may be impacted due to lower volumes and weak margins.

The expansion project at the Kharach unit was commissioned in March 2008, taking the total installed capacity of your Company from 270,100 TPA to 333,975 TPA. Your Company is in the process of obtaining requisite approvals for Brownfield expansion at Harihar in Karnataka (31,000 TPA) and Greenfield project at Vilayat in Gujarat (88,000 TPA).

Your Company has been working towards strengthening its captive pulp supply. Towards this objective, its stake in AV Cell, the Canadian pulp JV, has been increased from 16% to 45%. Further, the conversion of AV Nackawic facility in Canada, from paper grade pulp to dissolving grade pulp is underway and is expected to be completed in Q2FY09.

The division forayed into VSF consumer products by launching wipes under the brand names KARA and PRIM. These products have been test launched in select markets and the national roll out is planned in FY 09. Your Company's Research & Application Development Centre at Kharach (Gujarat) continues to nurture the development of new applications and value added products which in time would propel the demand for VSF.

ECU Realisation	Rs./Tonne	18,963	19,444	(2)
Operating Margins	%	33.3	25.3	—

Performance Review

The Chemical business recorded an improved performance during the year. Production of caustic soda was at its highest, given the expanded capacity and normal operations. During the previous year, production was affected due to water shortage and shut down of a captive power plant for major repairs. Sales volumes were

higher by 36% aided by increased production and higher captive demand from VSF division. The operating margins improved despite a fall in realisations and cost pressure on key inputs, aided by lower power cost and economies of scale.

Sector Outlook

The high growth anticipated in domestic alumina production will lead to a healthy demand for caustic soda. Prices are expected to remain range bound as new capacities get commissioned.

Business Outlook

With various measures taken for reduction in power consumption and rationalization of manpower, the business is expected to perform well.

Performance Review

The Cement business has delivered an encouraging performance. Despite capacity constraints, sales volume grew from 14.52 million tonnes in FY 07 to 15.54 million tonnes in FY08, a growth of 7%.

While realisations at Rs.3,192 per tonne improved by 11%, the same was inadequate to meet the impact of sharp rise in energy prices and increase in other input costs. Average fuel cost soared by 31% due to increase in prices of imported coal, petcoke and indigenous coal. Operating margins witnessed a nominal reduction from 33.2% in FY07 to 31.9% in the current year.

Your Company successfully transited the "Birla Plus" brand to "UltraTech Cement – The Engineer's Choice" for a common brand identity across the country.

The Ready Mix Concrete (RMC) business expanded its network at a rapid pace across the country. The number of plants increased from 13 at the start of the year to 31. Consequently sales volumes grew by 36% at 1.95 million cubic meters.

The White Cement division has recorded yet another year of good performance supported by 8% volume growth against the industry growth of 2%. Wall Care Putty, a value added product, grew by 59%.

UltraTech's performance has been good. Revenues rose by 17% to Rs.5,611 Crores. Domestic cement sales were higher at 14.25 million tonnes, an increase of 7%. Exports of cement and clinker were curtailed to meet the domestic demand and consequently, were lower by 25% from 3.48 million tonnes to 2.61 million tonnes. RMC business, which was started in FY07 in UltraTech, scaled up impressively and volumes grew manifold to 0.89 million cubic meter.

Domestic cement realisations increased by 11% at Rs.3,266 per tonne. Export realisations of cement witnessed an increase of 16%. The gains from better realisations were offset to a large extent by sharp increase in input cost. As a result, operating margins expanded nominally from 30.8% to 32.1%. Costs rose largely on account of rise in raw material and fuel costs.

Profit after Tax grew by 29% crossing the Rs.1,000 Crore mark for the first time.

Outlook for Cement Business

The Cement industry has been growing at a healthy pace. Domestic cement consumption grew by 9.8% during FY08. Large scale investments have been planned in infrastructure during the Eleventh five year plan period. The housing demand will continue to grow with rise in income levels and growing urbanization. The strong demand from infrastructure and housing sector will drive the cement demand. Large capacity expansion plans by various sectors in the industry and incremental demand for commercial space will also contribute to demand growth.

Energy cost which is the largest component of the cement cost, rose sharply during FY08 with galloping coal prices in the international market, rising sea freight and lower availability of linkage coal. Coal availability has become a concern in India as coal production has not been able to keep pace with the rising demand. Significant increase in energy prices may have an adverse impact on margins going forward. New captive

thermal power plants and reduced lead distance, post commissioning of new capacities, may moderate the cost increase to some extent.

The industry may witness a surplus of supply over demand on account of large capacity additions planned during the Eleventh Plan period. This is expected to have an impact on domestic prices in calendar year 2009. However, the strong momentum in demand would help in absorbing the increased supply in the long term.

Capex Plan – Cement Business

Debottlenecking at existing locations led to an increase in the capacity by 2.40 million TPA during the year. A cement grinding unit of 1.3 million TPA at Panipat in Haryana was also commissioned during the year. The progress on various projects has been satisfactory. The expansion at Shambhupura plant in Rajasthan (4.4 million TPA) will be operational in H1FY09. The Kotputli plant in Rajasthan (4.5 million TPA) is expected to go on stream in Q3FY09.

A thermal power plant of 23 MW was commissioned at Jawad (M.P.) in March 08. Thermal power plants with capacity of 144 MW are under construction at various locations to reduce dependence on grid and DG power. All the power plants are likely to get commissioned in a phased manner in FY09. Upon commissioning, the total power generation capacity will be 268 MW, which will meet around 80% of the total power requirement.

RMC network is being expanded rapidly and the number of RMC plants will increase from 31 at the end of FY08 to 55 by the end of FY09.

A total capex plan of over Rs.5,100 Crores on capacity expansions, captive thermal power plants, RMCs, modernisation, infrastructure build up etc. is under implementation, out of which Rs.2,900 Crores have already been spent. The balance amount will be spent over the next two years.

UltraTech has a capex plan of Rs.3,700 Crores, which includes 4.9 million TPA project at Tadpatri (Andhra Pradesh), thermal power plants, RMCs, modernization, etc. Out of this, Rs.2,100 Crores have already been spent and the balance amount will be spent over the next two years. The Tadpatri project is progressing satisfactorily and will be operational in H1FY09. UltraTech is putting up 225 MW of thermal power plants at different locations. It is also investing in RMC plants which will increase from 22 at the end of FY08 to 39 by the end of FY09.

Upon completion of the above capex plan of your Company and UltraTech, the aggregate cement capacity will stand augmented at 48.8 million TPA. The aggregate power generation capacity will be 536 MW. The total number of RMC plants will increase to 94.

Average Realisation	Rs./Tonne	15,759	12,679	24
Operating Margins	%	16.8	11.3	—

Performance Review

The Sponge Iron business continued to face shortage of natural gas leading to low capacity utilisations. Production increased by 7% with the use of alternate fuels. Average realisations were higher by 24% given the firm trend in international scrap prices. The impact of higher realisations was partially offset by higher cost of iron ore and use of costly alternate fuels.

Sector Outlook

Given the high growth trajectory of the Indian economy, the demand for steel is expected to remain buoyant. Consequently, sponge iron being an intermediate product will benefit. Scrap prices are on the rise fuelled by a substantial increase in finished steel prices in the global markets. As a result, prices of sponge iron are expected to remain firm.

Business Outlook

The Dahej-Dabhol pipeline has been commissioned during the year. Adequate gas is expected to be available as spur pipeline connecting the same to the existing GAIL pipeline is likely to get commissioned in the first half of FY2009. This will enable higher capacity utilisation and cost optimisation, though pricing of gas being uncertain continues to remain a matter of concern.

Grasim Bhiwani Textiles Limited (GBTL)

During the six months of its operation, GBTL, a subsidiary of the Company, incurred a loss of Rs.4.7 Crores, due to increase in raw material and power costs. Depressed export markets further weakened the performance. A thermal power plant of 8 MW is under construction which will lead to a reduction in power cost. GBTL is taking various measures to enhance operational efficiency and better its performance.

Your Company incurred large capital expenditure on cement and fibre capacity expansion, setting up of thermal power plants in cement business, expansion of RMC network, technology upgradation and normal modernisation in all the businesses.

Increase in Working Capital

Increase in net turnover by 19% during the year led to rise in trade receivables. There is an increase in the accumulated credit of Cenvat and service tax on account of capital goods purchase.

Dividend

During the year Rs.18 Crores of unclaimed dividend was paid.

RISKS AND CONCERNS

Your Company has a comprehensive risk management policy. The risk management inter alia provides for review of the risk assessment and mitigation procedure, laying down procedure to inform / report the Board in the matter and for periodical review of the procedure to ensure that executive management controls the risks through a properly defined framework.

During the year, the Audit Committee, which has been designated by the Board for the purpose, reviewed the adequacy of the risk management framework of the Company, the key risks associated with the businesses of the Company and the measures and steps in place to mitigate the same. The details were thereafter presented to and discussed at the Board Meeting.

Some of the key risks affecting your Company are illustrated below:

Economic Risk

Due to the opening of world trade and diminishing tariffs, your Company is faced with the threat of pressure on margins on products. To counter these, your Company stepped up its focus on value added products by upgrading and expanding manufacturing capacities and increasing R&D. In addition, structural cost optimisation and cost control measures have been initiated.

Competitor Risk

The market is highly competitive with the elimination of fiscal barriers and inroads of large conglomerates into the country with inorganic growth strategies. Your Company continues to focus on increasing its market share and taking marketing initiatives that help customers in making informed decisions.

Project Execution Risk

Your Company is in the process of setting up cement capacities and captive thermal power plants. In the fibre business also, plans to increase the capacity are under implementation. The project execution is largely dependent upon land purchase, project management skills, timely delivery by the equipment suppliers and adherence to schedule by civil contractors. Any delay in project implementation will impact revenue and profit for that period. Your Company is continuously reviewing the project execution to ensure that the implementation schedules are adhered to.

Human Resource Risk

Your Company's ability to deliver value also depends on its ability to attract, train, motivate, empower and retain the best professional talents. These abilities have to be developed across Company's rapidly expanding operations. There is significant competition from emerging service sectors, which poses inherent risks associated with the ability to hire and retain skilled and experienced professionals. Your Company continuously benchmarks

HR policies and practices with the best in the industry and carries out necessary improvements to attract and retain best talent and build intellectual capital.

Foreign Exchange Risk

Your Company's policy is to hedge its long-term foreign exchange risk as well as short-term exposures within the defined parameters. Long-term foreign exchange liability is fully hedged and hedges are on held to maturity basis. As imports (including capital goods import) exceeded exports, your Company has suitably hedged the differential short-term exposure from time to time to appropriately manage the currency risk.

Interest Rate Risk

Your Company is exposed to interest rate fluctuations on its borrowings. It uses a judicious mix of fixed and floating rate debts within the stipulated parameters. Your Company continuously monitors its interest rate exposures and whenever required, uses hedging tools to minimise interest rate risk.

Commodity Price Risk

Your Company is exposed to the risk of price fluctuation on raw materials, energy sources as well as finished goods. However, considering the normal correlation in the prices of raw materials and finished goods, the risk is reduced. Your Company's strategy of backward integration, like pulp and caustic soda for VSF, helps in minimising the effect of increase in prices of raw materials. Setting up of captive power plants aids in controlling the impact of rise in energy cost, which is a major cost element.

Forward integration in value added products for eg., specialty fibre in VSF, ready mix concrete in cement enables to reduce the price fluctuation in the finished goods.

INTERNAL CONTROL SYSTEM

Your Company has appropriate internal control systems for business processes, with regards to efficiency of operations, financial reporting, compliance with applicable laws and regulations, etc. Clearly defined roles and responsibilities down the line for all managerial positions have been institutionalised. All operating parameters are monitored and controlled. Regular internal audits and checks ensure that responsibilities are executed effectively. The Audit Committee of the Board of Directors reviews the adequacy and effectiveness of internal control systems and suggests improvement for strengthening them, from time to time.

CONCLUSION

Your Company has been able to create value with continuous increase in profitability year after year emanating from leadership positions in VSF and Cement businesses. Ambitious expansion plans are under way in both of these businesses. This will enable your Company to continue its journey on the growth path.

SOCIAL REPORT

TRANSCENDING BUSINESS

Sweep your gaze in large parts of India's hinterland. Here you encounter conditions that cause you pain and concern as well. It is here that the poorest of the poor live – in India's villages. A whopping 64% of India's population is housed here. It is here that you find India's poverty and high points of distress.

As a Group we have been and continue to be extremely sensitive to societal needs. In our own small way, we try to bring in some relief and make a difference to the lives of the weaker sections of society who live close to our plants. We try to provide health care and raise life expectancy, and reduce infant mortality. Through our endeavours in education, we lift literacy rates. Through empowerment and training processes, we promote sustainable livelihood.

All of your Company's social projects are carried out under the umbrella of the Aditya Birla Centre for Community Initiatives and Rural Development. These are spearheaded by Mrs. Rajashree Birla, your Director. For the year 2007-08 we have considerable progress as indicated.

ENVIRONMENT REPORT

We have always believed in being caring corporate citizens wherever we operate. Within our philosophy the concept of caring for the planet is embedded. We are committed to sustainable development. We believe that economic growth and environmental protection are inextricably linked.

We are signatories to the Global Compact, a UN Sponsored initiative and we subscribe to the triple-bottom line accountability. So we regard social, economic and environmental responsibility as integral elements that drive business.

All of your Company's Plants in the Cement, Viscose Staple Fibre, Pulp and Textile businesses are ISO 14001 EMS Certified and adhere to OHSAS 18001 standards.

Professional Environmental Auditors, such as KPMG Peat Marvick, Det Norske Veritas, the State Pollution Control Board's certified auditors conduct in-depth environmental audit at our Plants. Their Audit Reports validate our commitment to environment conservation. Additionally, trained environment systems auditors conduct periodic checks.

The OEKO TEX - 100 Certification for our Viscose Staple Fibre endorses that all products manufactured under the "Birla Cellulose" brand meet the highest ecological requirements established for products that come into direct contact with the skin and is free of any harmful substance.

State-of-the-art automated industrial Effluent Treatment Plants (ETP) operate across all of your Company's manufacturing units. The treated effluent inclusive of treated sewage is recycled and is used for horticulture, irrigation and wetting coal-ash handling.

Waste disposal at the VSF and Pulp Plants is attained through a number of processes including ETP sludge dryers to facilitate burning in the existing coal fired boilers. This results in lower coal requirement.

The recycling digester pre-heater steam condense boiler feed water in the De-mineralized water plant also lead to significant energy savings.

At the Grasilene Division at Harihar, adoption of new technologies like Desuperheating water pumps, Gland sealing water pump and Tube heat exchanger in the Viscose Refrigeration section among others conserves energy.

Power saving is attained through • the energy efficient pumps for MSFE Spinbath circulation, • ejector and vacuum pump combination in place of three-stage steam based ejector system for Viscose Flash Deaerator for reduction in Steam consumption, • energy efficient pumps for Simplex Water Pumps for Power saving and Auto on-off system for Viscose Disintegrator.

Towards becoming a Carbon positive Company, the Division is pursuing two Clean Development Mechanism (CDM) projects

Process modification has yielded a significant reduction in the consumption of chemicals.

To prevent air borne effluents escaping into the atmosphere, equipments like Scrubbers, Cyclones, Condensers, Carbon Sulphide Recovery, Sulphur Recovery Plant and Electrostatic Precipitators are well in place. An elaborated aeration activated sludge process operates in our Plants to stave off air-pollution.

The installation of In-line Optical Brighteners and Analyzers for controlled chlorination and improving the process efficiency has considerably lowered chlorine effluent generation.

The Gypsum sludge, generated in the operational process, is sold to the cement sector while the fly-ash is utilized for manufacturing bricks within a 100 km radius of the plant. These fly-ash bricks are also availed of in the new construction at the plant.

Cleaner technologies have been absorbed. New generation electro-static precipitators, pulse jet-bag filters to control emission levels along with on-line opacity meters installed at all the major project stacks enable control and monitor emission levels. Our intent is to ensure that these are at the minimum.

Our blending technology gives us the flexibility to use low-grade limestone which would otherwise be an environment waste, to match the desired cement attributes in our cement mix. Waste water is recycled for cooling the mills in the plant.

The Mining operation for our Cement Plant in the South is a unique example in the judicious use of limestone and restoration of environment and ecology. The top soil being removed from the mining site is used in selected sites for reclamation and agro forestry activities. We have introduced Ripper Dozer as mining equipment in our Mines. This is a very environment-friendly method of mining without dust and noise pollution.

Your Company's Cement Plant at Shambhupura in Rajasthan has an Environment Management Programme based on air deck blasting technique that has been implemented for conservation of Heat Energy at mines to reduce the consumption of explosives/heat energy in blasting of limestone. Through the implementation of Environment Management Programme, the Power consumption, which was 97.0 in 1998-98 has been reduced to 73.18 kWh/Ton of cement in 2007-08.

Your Company is increasingly moving to alternate fuels, such as pet coke which is a by-product of oil refineries and low grade lime stones.

In the Cement sector, we are the first Company in India to use various wastes like tyre chips, petroleum sludge, chemical waste, agriculture waste and hazardous waste as fuel feed stock.

The Roller Press commissioned at Bhatinda has helped to further increase Fly Ash absorption in cement and reduced power consumption of Cement Mill.

In continuation of our commitment for improving DUCT emissions we have modified our existing Single Cyclone system to Multi Cyclone system in DRI discharges for reducing the dust emissions by 25 percent.

You will be delighted to know that we have set up a unique processing plant that helps convert Municipal solid waste into fuel, near Jaipur in Rajasthan. It is designed to process about 400 to 500 TPD of Municipal solid waste and generates around 130 to 140 TPD of refuse-derived fuel in the form of fluff. This is then fired in the precalciner at Vikram Cement. It replaces fuel to the extent of 10% to 15%.

Your Company is the first cement company in the world which has got carbon credits. We have been issued carbon credits of 22,290 Certified Emission Reductions (CER) on 18th Dec. 2006 for a CDM project relating to the substitution of conventional fuel by agriculture and tyre wastes at Grasim South Reddipalayam, Tamil Nadu. This project is expected to generate around 50000 CERs with full potential as approved by UNFCCC, every year for the next 9 years.

We have opted for rain-water harvesting in a big way. Our measures include, collecting rain-water in the lower benches of some of our captive limestone mines, water recharging projects, creation of water bodies in the catchment areas for rain-water storage. This way we also provide water to communities that live in proximity to our Plants.

In sum, in the words of Theodore Roosevelt, "To waste, to destroy, our natural resources, to skin and exhaust the land instead of using it so as to increase its usefulness, will result in undermining in the days of our children the very prosperity which we ought by right to hand down to them amplified and developed". We bear this in mind. Always.

Your Company has posted an impressive performance during the year under review. Its turnover increased by 21% at Rs.11,552 crores. Net Profit (before Extraordinary items) rose appreciably by 33% at Rs.2,048 crores. Cement and VSF businesses continued to be the growth drivers.

The performance of the VSF business has been encouraging. Sales volumes recorded an increase of 8% at 269,781 tons. Despite the steep rise in input costs, Operating margins were higher due to realisations being up by 21% at Rs.103,316 per ton.

The Cement business recorded a good performance. Both Production and Sales volumes grew by 7% at 15.36 Mn. tons and 15.54 Mn. tons respectively. The share of blended cement increased from 62% to 68%. Higher volumes and economies of scale contributed to profitability. However, the sharp hike in fuel cost led to lower operating margins. The Company continued its efforts to achieve over 100 percent capacity utilisation to meet the growing demand. RMC (Ready Mix Concrete) volumes expanded by 36%, buoyed by the rapid expansion

in RMC network. The White Cement performance too has been good. Production was higher by 12% at 407,882 tons, while Sales volumes extended by 8% at 396,295 tons.

The Sponge Iron business posted improved performance. Production at 562,000 tons reflected an increase of 7%. Sales volumes, however, were lower by 2% at 557,187 tons. Realisations expanded by 24% owing to a surge in global scrap prices. The gains on this account were offset by higher prices of iron ore, naptha and propane. The non-availability of adequate quantity of natural gas and its pricing continued to remain an area of concern.

The Chemical business put up a moderate performance. Production of caustic soda, which was affected in the corresponding year due to the breakdown of a captive power plant, grew by 38% at 188,537 tons. Sales volumes too moved in tandem, growing by 36% at 187,356 tons. But for the cost pressure on key inputs and fall in realisation, its performance would have been better.

COMPANY'S CONSOLIDATED FINANCIAL RESULTS

Your Company has posted an excellent performance for the year ended 31st March 2008 on the consolidated basis as well. Higher capacity utilisation, improved sales volumes and realisations drove the enhanced performance. Your Company's consolidated revenue was at Rs.17,037 crores, a rise of 20%. Net Profit (after minority share) rose appreciably by 46% at Rs.2,891 crores. Your Company's performance has been driven by its VSF and Cement businesses and its subsidiaries.

DIVIDEND

Your Board has recommended a dividend of Rs.30 per share (last year: Rs.27.50), and seeks your approval for the same. The total outgo of the dividend to be paid to the shareholders will be Rs.316.44 crores (inclusive of Corporate Tax on Dividend), as against Rs.287.46 crores paid in the previous year.

EMPLOYEE STOCK OPTION SCHEME (ESOS)

Details of Employee Stock Options granted pursuant to Employee Stock Option Scheme 2006 (ESOS 2006), as also the disclosures in compliance with Clause 12 of the Securities and Exchange Board of India (Employee Stock Option Scheme and Employee Stock Purchase Scheme) Guidelines, 1999 are set out in the Annexure 'A' to this Report.

DEBENTURES AND TERM LOANS

Your Company has raised long term loans (Rupee term loans and Foreign currency loans) aggregating Rs.581 crores during the year. The funds were utilized / will be utilized to meet the requirements of capital expenditure and other approved purposes. Debentures and term loans aggregating Rs.343 crores were repaid during the year.

AWARDS & ACCOLADES

Your Company's pursuit of excellence has earned for it national and international honours. Some of the significant accolades received during the year were:

- India's Best Managed Company in 2007-08 (Materials Sector) – Award by Business Today based on a study by Ernst & Young
- Forbes Asia's Fabulous 50 Companies - Grasim was adjudged one of the Best of Asia Pacific's Biggest Listed Companies
- Safety Innovation Award by Quality Forum of The Institute of Engineers (India) bestowed on Staple Fibre Division, Nagda, Madhya Pradesh
- IMC Ramkrishna Bajaj National Quality Special Award for Manufacturing Excellence 2007 conferred upon Grasilene & Pulp Divisions, Harihar, Karnataka
- IMC Ramkrishna Bajaj National Quality Award for Manufacturing Excellence 2007 awarded to Vikram Ispat, Salav, Maharashtra
- State Energy Conservation Award – 2007 (Second Prize) & CII Energy Efficient Unit received by Cement South, Reddipalayam, Tamilnadu
- FICCI's Outstanding Achievement of Environmental Sustainability of Business Award – 2006-07 received by Cement South, Reddipalayam, Tamilnadu

RESEARCH AND DEVELOPMENT

To foster technical excellence and to maintain its leadership position through development of value added products, your Company continues to accord a high priority to R&D. A steadfast focus on Research and Development is an ongoing major driver of its leadership position in an increasingly competitive business environment.

Introduction of new products, alternative technologies and improving the technical efficiencies is the focus of the Research & Development activities of your Company's Pulp & Fibre Business. The Company has established R&D facilities for Plantations at Harihar, for Fibre at Nagda and for downstream value chain at Kharach. Your Company is now setting up a Pulp Research Institute at Harihar to complement Forest Research Institute for plantation and thus cater to the needs of the Company's growing operations in Pulp & Plantations sector. To cater to the specific segments of consumer markets in Textile Sector, R&D work had been taken up at Birla Research Institute for several fibre variants such as anti-bacterial, perfumed, thermo regulating and flame retardant fibre. The trial production of these variants is being taken up for market establishment. In the area of application development, Textile Research & Application Development Centre (TRADC) was successful in developing innovative apparels / made-ups, generally produced in developed countries for production by Indian value chain and supply to international brands. Some innovative processing techniques were developed by the Company for the first time in the world, for use of solvent spun fibres in knit wears and also for developing self stretching fabrics without spandex. To promote use of non-wovens, a prototype plant with a unique technology developed for producing high performance non-wovens for repeat usage has been successfully tried. A semi-commercial plant for market development of these products is being established.

Your Company's Cement Business' thrust is on increasing the use of industrial waste in the cement manufacturing process. Keeping this in mind, the Company's research facility has developed processes for use of industrial wastes as raw mix component and maximizing fly ash absorption in PPC. In order to utilize limestone reserves to the full extent, R&D efforts were made towards utilization of limestone with high sulphur content. Efforts were also made towards development of methodology for determining fly ash content in PPC and compatibility interaction between cement and new generation super plasticizers. All these efforts have resulted in improving product quality and increasing customer satisfaction. Our future plans are towards development of new products and utilization of waste fuels.

HUMAN RESOURCES

At your Company, employees continue to be the key driving force of the organization and remain a strong source of our competitive advantage. We believe in aligning business priorities with the aspirations of employees leading to the development of an empowered and responsive human capital. We strive to create a work environment which encourages innovation and creativity.

Through our strong Employer Brand, we were able to attract more than 1030 employees to the Company who have become part of our competent and committed workforce. Appropriate measures are being planned by the Company to ensure talent retention and employee engagement.

Your Company continued to support learning and development initiatives to enhance the functional as well as the behavioural competencies of our people. At 'Gyanodaya' - The Aditya Birla Institute of Management Learning, over 260 executives were enlisted for various high quality learning interventions. These programs supplemented with a combination of developmental assignments, classroom and web based training, has enabled our people to continuously learn, develop and grow.

Our performance management system is primarily based on competencies and values. We closely monitor growth and development of top talent in your Company, to align personal aspirations with the organization purpose.

CORPORATE GOVERNANCE

Your Company fully adheres to the standards set out by the Securities and Exchange Board of India's Corporate Governance practices and has implemented all of its stipulations. As required by Clause 49 of the Listing Agreement of Stock Exchanges, a detailed report on Corporate Governance forms part of this Annual Report. The Company's Statutory Auditor's Certificate dated 29th April, 2008 in terms of Clause 49 of the Listing Agreement is annexed to and forms part of this Annual Report.

DIRECTORS' RESPONSIBILITY STATEMENT

As stipulated in Section 217(2AA) of the Companies Act, 1956, your Directors subscribe to the "Directors' Responsibility Statement" and confirm that:-

- i) in the preparation of the annual accounts, the applicable accounting standards have been followed along with proper explanation relating to material departures;
- ii) the directors have selected such accounting policies and applied them consistently and made judgments and estimates that are reasonable and prudent so as to give a true and fair view of the state of affairs of the Company at the end of the financial year and of the profit or loss of the Company for that period ;
- iii) the directors have taken proper and sufficient care of the maintenance of adequate accounting records in accordance with the provisions of this Act for safeguarding the assets of the Company and for preventing and detecting fraud and other irregularities;
- iv) the directors have prepared the annual accounts on a going concern basis.

SUBSIDIARY COMPANIES

The performance of UltraTech Cement Limited, your Company's key subsidiary, was encouraging. Domestic Cement sales were higher at 14.25 Mn. tons, an increase of 7%. However, exports of Cement and Clinker were down by 25% from 3.48 Mn. tons to 2.61 Mn. tons. Net Profit was higher by 29% at Rs.1,008 crores.

During the year under review, your Company has transferred w.e.f. 1st October, 2007, the Company's textile units at Bhiwani (Haryana), as a going concern, to its separate subsidiary, Grasim Bhiwani Textiles Limited (GBTL). In its first accounting period of six months ended 31st March 2008, GBTL has posted a net loss of Rs. 4.68 crores. Efforts are on to improve the performance of GBTL.

Your Company has sold its entire holding of 7.58 crore equity shares representing 53.63% of the capital of Shree Digvijay Cement Company Limited (SDCCL) to Cimpor Inversiones S.A., Spain at Rs.42.50 per share. With the completion of the said sale on 25th March, 2008, SDCCL has ceased to be a subsidiary of the Company. Profit of Rs.180 crores resulting from the stake sale has been shown in Profit & Loss Account as "Extraordinary item".

The Statement pursuant to Section 212 of the Companies Act, 1956 containing the details of the Company's subsidiaries is attached.

In terms of the approval granted by the Government of India, Ministry of Corporate Affairs, New Delhi u/s 212 (8) of the Companies Act, 1956 vide its letter No. 47/207/2008 - CL- III dated 24th April, 2008, copies of the Balance Sheet, Profit & Loss Account, Reports of the Board and the Auditors of all the Subsidiary Companies have not been attached to the Balance Sheet of the Company as at 31st March, 2008. Pursuant to the said approval, a gist of the financial performance of the Subsidiary Companies is disclosed in this Annual Report. However, the related detailed information of the annual accounts of the Subsidiary Companies will be made available to the holding and subsidiary companies' investors seeking this information at any point of time. The annual accounts of the Subsidiary Companies will also be kept for inspection by any investor at the Registered Office of the Company and that of the Subsidiary Companies concerned.

CONSOLIDATED FINANCIAL STATEMENTS

The Consolidated Financial Statements have been prepared by your Company in accordance with the applicable Accounting Standards (AS-21, AS-23 and AS-27) issued by the Institute of Chartered Accountants of India and the same together with Auditors' Report thereon form part of the Annual Report.

PARTICULARS AS PER SECTION 217 OF THE COMPANIES ACT, 1956

However, as per the provisions of Section 219(1)(b)(iv) of the Companies Act, 1956, the Report and accounts as set out therein, are being sent to all members of the Company excluding the aforesaid information about the employees. Any member, who is interested in obtaining such particulars about employees, may write to the Company Secretary at the Registered Office of the Company, and the same will be sent by post.

Additional information on Conservation of Energy, Technology Absorption and Foreign Exchange Earnings and Outgo, stipulated under Section 217(1)(e) of the Companies Act, 1956 is set out in a separate statement, attached to this report (Annexure 'B') and forms part of it.

DIRECTORS

Mr. S.B. Mathur resigned from the Board, effective 22nd January, 2008, consequent to the withdrawal of his nomination by Life Insurance Corporation of India. The Board places on record its sincere appreciation of the valuable services rendered by him during his tenure as a Director of the Company.

Mr. B.V. Bhargava, Mr. Kumar Mangalam Birla and Mr. M.L. Apte retire from office by rotation and being eligible, offer themselves for re-appointment. A brief resume, expertise and details of other directorships of these Directors forms part of the report on Corporate Governance Section.

AUDITORS

The Board, on the recommendation of the Audit Committee, has proposed that M/s. G.P. Kapadia & Co., Chartered Accountants, Mumbai, be re-appointed as the Statutory Auditor of the Company and to hold office till the conclusion of the next Annual General Meeting of the Company. M/s. G.P. Kapadia & Co., Chartered Accountants, Mumbai have forwarded their certificate to the Company, stating that their re-appointment, if made, will be within the limit specified in that behalf in Sub-section (1B) of Section 224 of the Companies Act, 1956.

M/s. A.F. Ferguson & Co., Chartered Accountants, Mumbai, were appointed as the Branch Auditors of the Company to audit the Accounts in respect of the Company's Cement business consisting of all Cement manufacturing units, Grinding units, Ready Mix Concrete units, Cement Marketing Division and White Cement Division from the conclusion of the previous Annual General Meeting until the conclusion of the ensuing Annual General Meeting. M/s. A.F. Ferguson & Co., have expressed their inability to be re-appointed as Branch Auditors of the Company. The Board, on the recommendation of the Audit Committee, has proposed that M/s. Deloitte Haskins & Sells, Chartered Accountants, Mumbai, be appointed as the Branch Auditors of the Company to audit the Accounts in respect of the Company's Cement business consisting of all Cement manufacturing units, Grinding units, Ready Mix Concrete units, Cement Marketing Division and White Cement Division and to hold office till the conclusion of the next Annual General Meeting of the Company.

The Board, on the recommendation of the Audit Committee, has also proposed that M/s. Vidyarthi & Sons, Chartered Accountants, Gwalior, be re-appointed as the Branch Auditor of Vikram Woollens Division of the Company.

Your Directors request you to appoint the auditors for the current year and fix their remuneration.

COST AUDITORS

In pursuance of Section 233-B of the Companies Act, 1956, your Directors have appointed M/s R. Nanabhoy & Co., Mumbai, M/s R.J. Goel & Co., Delhi, M/s K.G. Goel & Co., Jaipur and M/s N.D. Birla & Co., Ahmedabad as the Cost Auditors to conduct the Cost Audit of Pulp & Fibre, Caustic Soda, Sulphuric Acid, Cotton Textile and Cement for the year 2008-09, subject to the approval of the Central Government.

APPRECIATION

Your Directors wish to place on record their appreciation of the dedication and commitment of your Company's employees to the growth of your Company. Their unstinted support has been and continues to be integral to your Company's ongoing success. Your Directors wish to thank the Central and State Governments, its bankers, shareholders and business associates for their continued co-operation and support.

For and on behalf of the Board

Kumar Mangalam Birla
Chairman

Mumbai, 29th April, 2008

ANNEXURE 'B' TO THE DIRECTORS' REPORT

Information under Section 217(1) (e) of the Companies Act, 1956 read with Companies (Disclosure of Particulars in the Report of Board of Directors) Rule, 1988 and forming part of the Directors' Report for the year ending 31st March, 2008

A CONSERVATION OF ENERGY

a) Energy Conservation measures taken

The Company is continuously engaged in the process of energy conservation through improved operational and maintenance practices. Following measures have been taken by different units of the company:

i) Viscose Staple Fibre Units

- Installation of PHE for cooling of Spin Bath feed to PC / BC of Crystallizer.
- Installation of LFC MSFE for N.W.M. Production at Line-10.
- Installation of Screw Compressor i.p.o. reciprocating compressor.
- Installation of Flow meter for Caustic addition to facilitate direct use of 480gpt caustic.
- Adoption of Acid absorption Crystallizer i.p.o. of steam based Crystallizer in Auxiliary PC2.
- Replacement of 125 watt street light Luminaries with 36 watt CFL.
- Installation of Ejector and Vacuum pump combination in place of Three stage steam based ejector system for Viscose Flash Deaerator.
- Installation of Auto on-off system for Viscose Disintegrator.
- Installation of Energy Efficient Pumps for MSFE Spinbath Circulation.

ii) Pulp Units

- Installation of separate lighting transformer to optimize the lighting voltage at 380-390 volts.
- Installation of variable frequency drive for induced & forced draft fan in fluidized bed saw dust boiler to reduce power consumption.
- Replacement of Energy efficient florescent lamps in place of conventional lamps - Phase II.
- Installation of steam and power conservation in evaporator by effective utilization of flash vapour and modifying condensate pumping system.
- Installation of temperature transmitters and control valves for evaporator NCG line.
- Installation of new technology soot blowers in recovery boiler for reduced steam consumption.

iii) Cement Units

- Installation of high efficiency screw compressors.
- Modification of separator for vertical roller mill of chalk grinding.
- Use of grinding aid in new clinker grinding VRM to increase mill output.
- Use of VVFD in IF Fans, FD Fans and air cooled condenser fans of thermal power plant.
- Water Injection in preheater cyclones.
- Installation of V- Separator.
- Installation of new generation high efficiency Roller press.
- Modification of Preheater cyclones to reduce the pressure Drop.
- Installation of inverter drives.
- Use of fuel efficient and Higher Capacity Mining Equipments.
- Use of Municipal Solid Waste.

- iv) **Chemical Units**
 - Addition of Cell Elements to Electrolyzer.
 - Installation of Online Energy Monitoring System.
 - Installation of Variable Frequency Drives.
 - Installation of Screw Air Compressor.
 - Installation of Energy Efficient Light Fittings.
 - Replacement of low efficient Aux. Transformer with energy efficient Transformer.
- v) **Textile Units**
 - Variable Frequency Drives in Humidification Plant.
 - Installation of High Efficiency Pump in Humidification Plant.
 - Replacement of conventional to high efficient gurndfos pump in soft water.
- b) **Additional investment and proposals, if any, being implemented for reduction of consumption of energy:**
 - i) **Viscose Staple Fibre Units**
 - Replacement of old pumps with energy efficient pumps.
 - Installation of Higher Efficiency Pumps in Evaporation Section in Auxiliary.
 - Installation of Screw compressor in place of reciprocating compressor in Viscose.
 - Installation of supply side air management system with air receiver, PC visualizations Kit and accessories in Energy Centre.
 - Installation of Variable Frequency Drive for Refrigeration Condenser and Brine supply Pumps.
 - Installation of energy efficient lighting systems.
 - Replacement of Radicon Gearbox & Motor by SEW / NORD make Geared Motor in Viscose Gear Pumps.
 - Replacement of V-belts with Flat belts in Ammonia compressors of Refrigeration system.
 - Installation of PHE to recover Waste Heat from Boiler CBD condensate in Power plant.
 - ii) **Pulp Units**
 - Power conservation in Degasser pumps of demin plant.
 - Installation of Heat exchanger to reduce steam and caustic consumption.
 - iii) **Cement Units**
 - Installation of gas analyzer for monitoring complete combustion of fuel.
 - Additional modules in air heater for increased heat recovery.
 - Installation of SPRS.
 - Installation of V- Separator.
 - Increased Fly Ash absorption and Blended Cement production.
 - iv) **Chemical Units**
 - Additions of electrolyzer & replacement of cell Elements.
 - Installation of Variable Frequency Drives.
 - Installation of Harmonics Filter Bank.
- c) **Impact of Measures at (a) and (b) above for reduction of energy consumption and consequent impact on the cost of production of goods:**

The above measures have resulted/ will result in reduction in fuel & power consumption, increase in productivity and reduction in energy cost
- d) **Total Energy Consumption and Energy Consumption per Unit of Production:**

As per Form "A" attached.

B. TECHNOLOGY ABSORPTION

Efforts made in Technology Absorption in Form "B"

RESEARCH & DEVELOPMENT (R&D) FORM "B"

1 Specific areas in which R&D carried out by the Company:

Viscose Staple Fibre Units

- Development of several fibre variants such as anti-bacterial, perfumed, thermo regulating and flame retardant fibres.
- Innovative processing techniques for use of solvent spun fibre for knit wears and for developing self stretching fibres.
- Technology for producing high performance non-woovens for repeat usage.

Cement Units

- Installation of Roto seal packer for ultra sonic sealing of bag's mouth for Wall Care Putty.
- Vertical Roller mill commissioning for cement grinding.
- A sealing materials with heat reflecting property for roofs and water tanks - Kool N Seal.
- Development of cement plant concentrate.
- Use of Mineralisers.
- Use of Performance improver to enhance Quality.
- Increased use of Fly Ash Content in PPC without effecting quality.
- Use of CFD technique for optimising Plant operations.

2 Future Plan of Action

Viscose Staple Fibre Units

- To establish Pulp Research Institute at Harihar

Cement Units

- To develop new improved version of Wall Care Putty.
- Improvement of adhesive properties of level plast and reduce setting time.
- Commercialisation of alternative fuels usage.
- Optimisation of chemistry of raw mix and fuel mix to improve Mines life.
- Installation of waste heat recovery system for Power Generation.

3 Expenditure on R & D

Expenditure	Rs. Crs.
a. Capital	1.39
b. Recurring	8.90
	<hr/> 10.29

c. Total R & D Expenditure as a percentage of turnover 0.10%

4 Technology Absorption, Adoption and Innovation

The latest technology adopted for improving productivity and product quality and reducing consumption of scarce raw material and fuels.

Information regarding technology imported during the last five years:

- Prototype plant being established for producing high performance non-woovens using unique technology developed by Company.
- Installation of loop duct and TCS system through M/s Taiheiyo Engineering Corporation, Japan for both kiln lines of White cement division.
- Participation in national and international conferences.
- Imparting training to personnel by foreign technicians in various manufacturing techniques by foreign and Indian experts and technology suppliers

C. FOREIGN EXCHANGE EARNINGS AND OUTGO

The information on Foreign Exchange earnings and outgo is contained in Schedule 22(4) and (5) of accounts. The Company is exporting Viscose Staple Fibre, Chemicals, Cement, Textiles and Plant & Machinery and has taken successful initiatives for increasing exports.

AUDITORS' REPORT

TO THE MEMBERS OF GRASIM INDUSTRIES LIMITED

1. We have audited the attached Balance Sheet of GRASIM INDUSTRIES LIMITED as at 31st March 2008 and also the Profit & Loss Account and Cash Flow Statement for the year ended on that date annexed thereto. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.
2. We conducted our audit in accordance with auditing standards generally accepted in India. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.
3. As required by the Companies (Auditors' Report) Order, 2003 ("the Order") issued by the Central Government of India in terms of sub-section (4A) of Section 227 of the Companies Act, 1956, we annex hereto a statement on the matters specified in paragraphs 4 and 5 of the Order.
4. On the basis of written representations received on 31st March, 2008 from the directors of the Company and taken on record by the Board of Directors, we report that none of the Directors is disqualified as on 31st March, 2008 from being appointed as a director in terms of clause (g) of sub-section (1) of section 274 of the Companies Act, 1956.
5. Further to our comments in the Annexure to paragraph 3 of above, we report that
 - a) We have obtained all the information and explanations, which to the best of our knowledge and belief were necessary for the purpose of our audit;
 - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books. Proper returns adequate for the purpose of our audit have been received from the branches not visited by us;
 - c) The reports on accounts of the branches audited by the other Auditors have been forwarded to us and have been appropriately dealt by us in preparing our report;
 - d) The Balance Sheet, Profit & Loss Account and Cash Flow Statement dealt with by this report are in agreement with the books of account and with the audited returns from the branches;
 - e) In our opinion, the Balance Sheet, Profit & Loss Account and Cash Flow Statement dealt with by this report comply with the accounting standards referred to in sub-section (3C) of Section 211 of the Companies Act, 1956;
 - f) In our opinion and to the best of our information and according to the explanations given to us, the said accounts read together with notes thereon as appearing in Schedule of Accounting Policies and Notes on Accounts give the information required by the Companies Act, 1956 in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India;
 - i) in the case of Balance Sheet, of the state of affairs of the Company as at 31st March 2008;
 - ii) in the case of the Profit & Loss Account, of the profit for the year ended on that date; and
 - iii) in the case of Cash Flow Statement, of the cash flows for the year ended on that date.

ANNEXURE TO AUDITORS' REPORT

ANNEXURE TO AUDITORS' REPORT

(Referred to in paragraph 3 of our report of even date)

1. (a) The Company has maintained proper records showing full particulars including quantitative details and situation of fixed assets.

(b) Fixed Assets have been physically verified by the management according to the regular programme of periodical verification in phased manner which in our opinion is reasonable having regard to the size of the Company and the nature of its fixed assets. The discrepancies noticed on such physical verification were not material.

(c) No substantial part of fixed assets has been disposed off during the year, which has bearing on the going concern status of the Company.
2. (a) As explained to us, inventories were physically verified during the year by the management at reasonable intervals.

(b) In our opinion and according to information and explanations given to us, the procedures of physical verification of inventory followed by the management are reasonable and adequate in relation to the size of the Company and nature of its business.

(c) The Company is maintaining proper records of its inventories and no material discrepancies were noticed on physical verification.
3. The Company has neither granted nor taken any secured or unsecured loans to and from companies, firms or other parties covered in the register maintained under section 301 of the Companies Act, 1956. Accordingly, the clauses 4 (iii) (b) to (g) of the Order are not applicable.
4. In our opinion and according to the information and explanations given to us, there are adequate internal control procedures commensurate with the size of the Company and the nature of its business with regard to purchase of inventory, fixed assets and for the sale of goods. During the course of our audit, we have not observed any continuing failure to correct major weaknesses in internal control.
5. In our opinion and according to the information and explanations given to us, there are no transactions that need to be entered into a register maintained under Section 301 of the Companies Act, 1956. Accordingly, the clause 4 (v) (b) of the Order is not applicable.
6. In our opinion and according to the information and explanations given to us, the Company has not accepted deposits in terms of the provision of Section 58A and Section 58AA of the Companies Act, 1956.
7. In our opinion, the Company has an internal audit system commensurate with the size of the Company and nature of its business.
8. We have broadly reviewed the books of account maintained by the Company pursuant to the rules made by the Central Government for the maintenance of cost records under Section 209(1) (d) of the Companies Act, 1956 in respect of the Company's products to which the said rules are made applicable and are of the opinion that prima facie the prescribed records have been made and maintained. We have, however, not made a detailed examination of the said records with a view to determine whether they are accurate or complete.
9. (a) In our opinion and according to the information and explanations given to us, undisputed statutory dues including Provident Fund, Investors Education and Protection Fund, Employees' State Insurance, Income Tax, Sales Tax, Wealth Tax, Custom Duty, Excise Duty, Service Tax, Cess and any other statutory dues have been regularly deposited in time during the Year with the appropriate authorities.

- (b) (i) In our opinion and according to the information and explanations given to us, no undisputed amounts payable in respect of aforesaid dues were outstanding as at March 31, 2008 for a period of more than six months from the day they became payable.
- (ii) In our opinion and according to the information and explanations given to us, the dues in respect of Sales Tax, Income Tax, Custom duty, Excise Duty, Service Tax and Cess that have not been deposited with the appropriate authorities on account of dispute and the forum where the disputes are pending given below:

10. The Company does not have accumulated losses as at the end of the financial year and has not incurred cash losses in the current financial year and the immediately preceding financial year.
11. The Company has not defaulted in repayment of any dues to financial institutions or banks or debenture holders.
12. According to the information and explanations given to us, the Company has not granted any loans and advances on the basis of security by way of pledge of shares, debentures and other securities.
13. The Company is not a chit fund or a nidhi / mutual fund / society, therefore, the clause 4 (xiii) of the Order is not applicable to the Company.
14. In our opinion, the Company is not dealing in or trading in shares, securities, debentures and other investments. Therefore, the provisions of clause 4(xiv) of the Order are not applicable to the Company.
15. In our opinion, on the basis of information and explanations given to us, the terms and conditions on which the Company has given guarantees for loan taken by others from bank and other financial institution are not prima-facie prejudicial to the interest of the Company.
16. In our opinion, on the basis of information and explanations given to us, the term loans were applied for the purpose for which the loans were obtained.

17. According to information and explanations given to us, and on an overall examination of Balance Sheet of the Company, funds raised on short term basis have, prima facie, not been used during the Year for long term investment.
18. The Company has not made any preferential allotment of shares to any parties or companies covered in the register maintained under Section 301 of the Companies Act, 1956 during the year.
19. On the basis of records made available to us, the Company has created securities in respect of debentures issued/outstanding during the year.
20. The Company has not raised any money through a public issue during the year
21. Based upon the audit procedures performed and on the basis of information and explanations provided by the management, we report that no fraud on or by the Company has been noticed or reported during the course of the audit.

AUDITORS' CERTIFICATE ON CORPORATE GOVERNANCE TO THE MEMBERS OF GRASIM INDUSTRIES LIMITED

We have examined the compliance of conditions of corporate governance procedures implemented by Grasim Industries Limited during the year ended 31st March, 2008, as stipulated in Clause 49 of the listing agreement of the said Company with Stock Exchanges in India.

The compliance of conditions of Corporate Governance is the responsibility of the management. Our responsibility was limited to the review of procedures and implementation thereof, adopted by the Company for ensuring the compliance of conditions of the Corporate Governance. It is neither an audit nor an expression of opinion on the financial statements of the Company.

On the basis of our review and according to the information and explanation given to us, and representation made by the management, the conditions of Corporate Governance as stipulated in Clause 49 of the listing agreement(s) with Stock Exchanges have been complied with in all material respects by the Company.

We state that no investor grievance for a period exceeding one month against the Company as on 31st March, 2008 is pending as per the records maintained by the Shareholders' Grievance / Allotment and Transfer Committee of the Board.

We further state that such compliance is neither an assurance as to the future viability of the Company nor the efficiency or effectiveness with which the management has conducted the affairs of the Company.

SCHEDULES FORMING PART OF ACCOUNTS

SCHEDULE 21

ACCOUNTING POLICIES AND NOTES ON ACCOUNTS

(A) Significant Accounting Policies:

1. Accounting Concepts:

The financial statements are prepared under the historical cost convention (except for certain fixed assets which are revalued) on accrual basis, in accordance with the applicable mandatory Accounting Standards and as per the relevant provisions of the Companies Act, 1956.

2. Fixed Assets:

Fixed assets are stated at cost (including other expenses related to acquisition and installation) less accumulated depreciation/amortisation adjusted by revaluation of certain fixed assets.

3. Fixed Assets held for disposal:

Fixed assets held for disposal are stated at lower of net book value and net realisable value.

4. Foreign Currency Transactions:

Foreign currency transactions are recorded at the exchange rate prevailing on the date of transaction. Monetary assets and liabilities in foreign currency existing at balance sheet date are translated at year-end exchange. Exchange differences, including premium or discount on forward exchange contracts, arising till the commissioning of fixed assets, relating to borrowed funds and liabilities in foreign currency for acquisition of the fixed assets are adjusted to the cost of fixed assets. Premium or discount on forward exchange contract is amortised as expense or income over the life of the contract. All other exchange differences are recognised in profit and loss account.

5. Financial Derivatives:

Financial Derivative instruments such as Swaps and Options, are used to hedge risks associated with fluctuations in foreign exchange and interest rates. The derivative contracts are closely linked with the underlying transactions and are intended to be held to maturity. The underlying transactions are recorded as per terms of the financial derivative contracts.

6. Treatment of expenditure during construction period:

Expenditure during construction period is included under Capital Work in Progress and the same is allocated to the respective fixed assets on the completion of its construction.

7. Investments:

Current investments are stated at lower of cost and fair value. Long term investments are stated at cost after deducting provisions made for permanent diminution if any in the value.

8. Inventories:

Inventories are valued at the lower of cost and net realisable value except waste/scrap which is valued at net realisable value. The cost is computed on weighted average.

Finished goods and process stock include cost of conversion and other costs incurred in bringing the inventories to their present location and condition. Obsolete, defective and unserviceable inventories are duly provided for.

9. Research and Development expenditure:

Revenue expenditure is charged to the profit and loss account and capital expenditure is added to the cost of fixed assets in the year in which it is incurred.

10. Depreciation/Amortisation:

Depreciation/Amortisation charge is provided for on the following basis:

- a) On fixed assets (other than revalued assets) - on written down value method in respect of Viscose Staple Fibre Division Nagda, Engineering Division Nagda and erstwhile Bhiwani Textiles Mills, Bhiwani and on Straight Line Method in respect of assets of other Divisions including Power Plants at Nagda; applying the rates / useful life specified in Schedule XIV of the Companies Act, 1956, except as stated hereunder:

Asset	Estimated useful life
Leasehold Land	over the period of lease
Capital expenditure on assets not owned	5 years
Motor Cars	5 years
Computer Software	3 years

Continuous process plants as defined in Schedule XIV have been classified on technical assessment and depreciation provided accordingly.

SCHEDULES FORMING PART OF ACCOUNTS

SCHEDULE 21(Contd.)

- b) In respect of revalued fixed assets, on straight line method on the gross value of assets as increased by the amount of revaluation at lower rates, based on life of assets, as ascertained by the valuers.
 - c) In respect of fixed assets added/disposed of during the year on pro-rata basis with reference to the month of addition/deduction except in case of new projects where it is provided on the basis of days of use.
- 11. Impairment of Assets:**
Carrying amount of assets is reviewed at each Balance Sheet date if there is indication of impairment based on the internal and external factors.
The assets are treated as impaired when the carrying amount of assets exceeds its recoverable amount and such impairment loss is charged to Profit & Loss account in the year in which such impairment is identified. The impairment loss recognised in prior accounting period(s) is reversed to the extent of decrease in the impairment loss.
- 12. Revenue Recognition:**
Sales revenue is recognised on transfer of the significant risks and rewards of ownership of the goods to the buyer and stated at net of sales tax, VAT, trade discounts and rebates but includes excise duty. Income from services is recognised as the services are rendered, based on agreement/arrangement with the concerned parties. Dividend income on investments is accounted for when the right to receive the payment is established. Interest income is recognised on time proportion basis. Export incentives, certain insurance, railway and other claims, where quantum of accruals cannot be ascertained with reasonable certainty, are accounted on acceptance basis.
- 13. Employee Benefits:**
 - a) Short term employee benefits and contribution to defined contribution plans are recognised as an expense on accrual at the undiscounted amount in the profit and loss account.
 - b) Post employment and other long term employee benefits are recognised as an expense, at the present value of the amounts payable determined using actuarial valuation techniques, in the profit and loss account for the year. Actuarial gains and losses in respect of post employment and other long term benefits are charged to the profit and loss account.
 - c) Employees Stock Option Scheme: The intrinsic value of options granted under Employee Stock Option Scheme has been recognised as deferred compensation cost and amortised over the vesting period.
- 14. Government Grants:**
Capital grants relating to specific assets are reduced from the gross value of the fixed assets and capital grants for Project Capital Subsidy are credited to Capital Reserve.
Revenue grants are credited to Profit and Loss account or deducted from the related expenses.
- 15. Borrowing Cost:**
Interest and other costs in connection with the borrowing of the funds to the extent related/attributed to the acquisition/construction of qualifying fixed assets are capitalised upto the date when such fixed assets are ready for its intended use and other borrowing costs are charged to Profit and Loss account.
- 16. Provision for Current and Deferred Tax:**
Provision for current tax & fringe benefits tax is made on the basis of estimated taxable income and fringe benefits respectively for the current accounting period in accordance with the provisions of Income tax Act, 1961.
Deferred tax resulting from timing difference between book and taxable profit for the year is accounted for using the tax rates and laws that have been enacted or substantially enacted as on the balance sheet date. The deferred tax asset is recognised and carried forward only to the extent there is a reasonable certainty that the deferred tax assets will be adjusted in future.
- 17. Mines Restoration Expenditure**
The Company provides for the expenditure to restore the mines based on technical estimates by internal/external specialists. The total estimate of restoration expenditure is apportioned over the estimated quantities of total mineral reserves and provision is made based on the minerals mined during the year.
- 18. Operating Leases:**
Leases where significant portion of risk and reward of ownership are retained by the Lessor are classified as Operating Leases and lease rentals thereon are charged to Profit and Loss account.
- 19. Provisions / Contingencies**
A provision is recognised when there is a present obligation as a result of past event and it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made. Provisions are determined based on best estimate of the amount required to settle the obligation at the Balance Sheet date. Contingent liabilities are not recognised and are disclosed in the Notes on Accounts.

16 Retirement Benefits

The Company has been recognising, accruing and accounting the Retirement Benefits as per the erstwhile Accounting Standard AS-15 on "Retirement Benefits" till 31st March, 2007.

The Institute of Chartered Accountants of India (ICAI) had revised AS-15 on "Employees Benefits" and had made it mandatory from the accounting periods commencing on or after 7th December, 2006. Accordingly the Company has decided for adoption of revised AS-15 w.e.f. 1st April, 2007.

In accordance with the transitional provisions of revised AS 15, the incremental liability at the beginning of the current financial year amounting to Rs 0.19 Crores (net of tax of Rs 0.10 Crores) in respect of Gratuity and Rs 9.57 Crores (net of tax of Rs 4.93 Crores) in respect of compensated absence has been adjusted against General Reserve.

A Defined Benefit Plans :

- a) Gratuity: The employees' gratuity fund scheme is managed by a Trust. The present value of obligation is determined based on actuarial valuation using the projected Unit Credit Method, which recognises each period of service as giving rise to additional unit of employee benefit entitlement and measures each unit separately to build up final obligation.

The amount recognised in respect of gratuity (funded by the Company) is as under:

		Rs. in Crores
		Current Year
(i)	Present value of the funded defined benefit obligation at the end of the period	174.20
	Fair value of plan assets	139.88

Lapsed during the year	—
Options Outstanding at the end of the year	218140
Options unvested at the end of the year	218140
Options exercisable at the end of the year	—

(C) Fair Valuation:

The fair value of options used to compute proforma net income and earnings per equity share has been done by an independent firm of Chartered Accountants on the date of grant using Black-Scholes Model.

The Key assumptions in Black-Scholes Model for calculating fair value as on the date of grant are:

- 1) Risk Free Rate — 7.78 %
- 2) Option Life — Vesting Period (1 Year) + Average of exercise period
- 3) Expected Volatility — Tranche I : 33%, Tranche II : 36%
- 4) Expected Growth in Dividend — 2.38%

The weighted average fair value of the option, as on date of grant, works out to Rs 1298 per stock option.

Had the compensation cost for the stock options granted under ESOS 2006 been determined, based on fair-value approach, the Company's net profit and earnings per share would have been as per the proforma amounts indicated below:

Particulars	2007-08	
	(Before extra ordinary items)	(After extra ordinary items)

AUDITORS' REPORT ON THE CONSOLIDATED FINANCIAL STATEMENTS

To The Board of Directors of GRASIM INDUSTRIES LIMITED on The Consolidated Financial Statement of GRASIM INDUSTRIES LIMITED, it's Subsidiaries, Joint Ventures and an Associate.

1. We have examined the attached consolidated Balance Sheet of **GRASIM INDUSTRIES LIMITED** ("the Company") and its subsidiaries, associate and joint ventures which together constitute "the Group" as at March 31, 2008, the consolidated Profit and Loss Account and the consolidated Cash Flow Statement of the Group for the year ended on that date, both annexed thereto. These financial statements are the responsibility of the Company's Management. Our responsibility is to express an opinion on these financial statements based on our audit.
2. We conducted our audit in accordance with the auditing standards generally accepted in India. These Standards require that we plan and perform to obtain reasonable assurance whether the financial statements are free of material misstatement. An audit includes, examining on a test basis, evidences supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by the Management, as well as evaluating the overall financial statement. We believe that our audit provides a reasonable basis for our opinion.
3. We did not audit the financial statement of certain consolidated entities whose financial statement reflects total assets of Rs.1674.00 Crores as at March 31, 2008, the total revenue of Rs.1373.98 Crores and net cash flows amounting to Rs.(85.13) Crores for the year then ended. Other auditors whose reports have been furnished to us have audited these financial statements and other financial information, and in case of unaudited financial statements as approved by the management of the respective companies have been furnished to us and our opinion, in so far as they relate to the amounts included in respect of these entities is based solely on the report of the other auditors and such approved financial results.
4. We report that the consolidated financial statements have been prepared by the Company, in accordance with the requirements of Accounting Standard 21(Consolidated Financial Statements), Accounting Standard 23 (Accounting for Investments in Associates in consolidated financial statements) and Accounting Standard 27 (Financial reporting of interests in Joint Ventures), issued by the Institute of Chartered Accountants of India and on the basis of the separate audited financial statements of the Company and the separate financial statements of Subsidiaries, Joint Ventures and Associate, which have been included in the consolidated financial statements.

5. Based on our considerations of reports of the other auditors on separate financial statements and on consideration of the unaudited financial statements of a subsidiary and joint ventures and on the other financial information of the components, and to the best of our information and according to the explanation given to us, we are of the opinion that the attached consolidated financial statements give a true and fair view in conformity with the accounting principles generally accepted in India:

- a. In the case of the consolidated balance sheet, of the state of affairs of the Group as at March 31, 2008;
- b. In the case of consolidated profit and loss account, of the profit for the year ended on that date; and
- c. In the case of the consolidated cash flow statement, of the cash flows for the year ended on that date.

Notes to Consolidated Financial Statements

1. Principles of Consolidation:

- (a) The Consolidated Financial Statements (CFS) are prepared in accordance with Accounting Standard on "Consolidated Financial Statements" (AS - 21), "Financial Reporting of Interests in Joint Ventures" (AS - 27) and "Accounting for Investments in Associates in Consolidated Financial Statements" (AS - 23) issued by the Institute of Chartered Accountants of India.

The CFS are prepared using uniform accounting policies, in accordance with the generally accepted accounting policies. However, in respect of Idea Cellular Limited, Cost of Rights and Licences including the fee paid on fixed basis prior to revenue share regime, is amortised on commencement of operations over the period of licence.

- (b) The CFS comprise the financial statements of Grasim Industries Limited (Grasim), its Subsidiaries and its interest in Joint Ventures & Associates as on 31.03.2008, which are as under:

(I) Subsidiaries:

Name of the Company	Country of Incorporation	% Shareholding & Voting Power

(c) The effect of intra group transactions between Grasim & its subsidiaries are eliminated in consolidation.

2. (a) The Profit and Loss Account of Shree Digvijay Cement Company Limited (SDCCL), a subsidiary of the Company till 24th March, 2008 has been consolidated proportionately for the period upto 24th March, 2008 i.e. the date upto which SDCCL was a subsidiary of the Company. However Consolidated Balance Sheet as on 31st March, 2008 does not include the Balance Sheet of SDCCL, as SDCCL ceased to be a subsidiary w.e.f. 25th March, 2008.

(b) Previous Year's figures are not comparable on account of following reasons:

(I) Subsidiaries:

- i. SDCCL ceased to be subsidiary w.e.f. 25th March, 2008.
- ii. GBTL became subsidiary from 1st October, 2007.

(II) Joint Ventures:

- i. A V Cell Inc.
In Previous year, figures for 18 months ended 31st March, 2007 were considered for consolidation. From 1st October, 2007 the ownership interest increased from 16.67 % to 25 %
- ii. A V Nackawic Inc.
In Previous year, figures for 18 months ended 31st March, 2007 were considered for consolidation.
- iii. Birla Jingwei Fibres Co. Ltd.
In Previous year, figures for the period 25th September, 2006 to 31st December, 2006 were considered for consolidation as it became Joint Venture on 25th September, 2006. In current year figures for 15 months ended 31st March, 2008 have been considered.
- iv. Birla Lao Pulp & Plantation Company Ltd.
In Previous year, figures for the period 30th June, 2006 to 31st December, 2006 were considered for consolidation as it became Joint Venture on 30th June, 2006. In current year figures for 15 months ended 31st March, 2008 have been considered.

However, impact of the above changes is not material.

SCHEDULES FORMING PART OF CONSOLIDATED FINANCIAL STATEMENTS

3. Goodwill arising on consolidation of financial statements is not amortized.
Other Accounting Policies and Notes on Accounts of the financial statements of the Company and all the subsidiaries are set out in their respective financial statements.
4. In accordance with the transitional provisions of revised AS 15, the incremental retirement benefit liability at the beginning of the current financial year has been adjusted by Joint Ventures and Subsidiaries to their opening Profit and Loss Account balances, Grasim's proportionate share in consolidation being Rs. 1.38 Crs, whereas Grasim has adjusted its liability amounting to Rs. 9.76 Crs against its General Reserve.
5. The Ministry of Textiles, vide its orders dated 30th June 1997 and 1st July, 1999 has deleted cement from the list of commodities to be packed in Jute bags under the Jute Packaging (Compulsory Use in Packing Commodities) Act 1987. In view of this, the Company does not expect any liability for non-despatch of cement in Jute bags in respect of earlier years.

A quality product from the Aditya Birla Group

CARRY YOUR SKINCARE EXPERTS TO YOUR MEETINGS
AND EVERY TRIP, DATE OR PARTY. HENCEFORTH.

It's not easy to look beautiful all the time. And it gets even harder when you're out of home with pollution, dust, heat and grime attacking your face. But even with all this, you can still look your best. An easy-to-use and effective solution is now available at a store near you.

Introducing for the first time in India, Kara™, a complete range of skincare wipes.

CONVENIENCE

Compactly packaged, pre-moistened and portable, you can carry these with you and follow your skin care regime even when you're on the go.

100% NATURAL & BIODEGRADABLE WIPES

With a unique formulation of natural ingredients, they are made from Birla Cellulose™, a fibre that is 100% natural and biodegradable.

HYGIENIC & EFFECTIVE

Since these wipes are disposable, it minimizes chances of infection that may arise from using the same towel. All formulations are clinically tested, alcohol free and dermatologically safe.

Your face is who you are. So don't let yourself down. Carry a pack of Kara™ Skincare Wipes always to be beautiful whenever you please.

And wherever you are.

kara™
skincare wipes

At your best. Always.
